ERRATA SHEET TO ORDER NO. 5354d

Page 8, Finding of Fact No. 21, the last line of the quotation from the MCC/USWC stipulation should read, "...in arriving at the \$5.5 million figure."

Pages 26 through 27, Finding of Fact No. 50, the quotation should be broken into two paragraphs. Each of the two paragraphs begin with the following sentences: 1) “The switching module is used to develop incremental unit investments for each of the different switch technologies.” 2) “The various offices under study are then weighted together to obtain the average of all technology which can then be weighted together in the various studies to obtain the average of all technology types.”

Pages 26 through 27, Finding of Fact No. 50, a third paragraph should be inserted between the first and second paragraphs, noted above. This paragraph should read, “The unit investments developed in this module are applicable to all types of services which utilize the switch capacity. In this way, the cost of the switch is shared by the many services which access the central office.”

Page 60, line 12 should read, “...top 100 users, I’m talking about...”
